

BIRAC National Biopharma Mission Supported Skill Development Lecture Series on Biomanufacturing

The Indian Institute of Technology Delhi is organizing a specialized lecture series “CBT Course Series 2019” on 10th – 12th December, 2019 within IIT campus, Hauz Khas, New Delhi. The training programme is sponsored by Biotechnology Industry Research Assistance Council (BIRAC) under the aegis of National Biopharma Mission. Biotech Consortium India Limited (BCIL) is assisting BIRAC and IIT Delhi in organizing the programme. This shall be the first programme in a series of workshops to be organized under National Biopharma Mission.

This lecture series programme aims to impart skill development in various aspects of biomanufacturing. Participation for the programme shall be from all stakeholders of the biopharmaceutical sector i.e. industries, startups, regulatory agencies, incubators, research institutions, academia, consultancy organizations and others.
